A Message

From the
**Chairman - "Hayat Foundation" &
Managing Director -
"Hayat Hospital Pvt. Ltd."**

Healthcare Industry is one of the world's largest and fastest - growing industries and it can easily form an enormous part of a country's economy. Every field in the Healthcare Industry is needed, which is what contributes to the rapid growth of vacancies, making the Healthcare Industry one of the best industries to begin a career in.

You may start your career in healthcare as a volunteer, or as a check-in assistant. Or you may start as an intern right after graduating from medical college. No matter how you start, working in healthcare is such a growing industry and that one will not face shortages in the coming years. Even if you change your mind down the road about which specialty, you can still switch and specialize in different healthcare or medical fields, without losing your status.

The importance of our Nursing Fraternity could be realized even more in these difficult times, when the whole world has been battling with the deadly Corona virus pandemic. This is one such profession which will never cease to exist. Simply put, as long as people need medical care, the Healthcare industry will be in need of nurses too, as their services are an indispensable part of the Industry.

"Nursing is an Art; and if it is to be made an art, it requires an exclusive devotion as hard a preparation, as any painter's or sculptor's work; for what is the having to do with dead canvas or dead marble, compared with having to do with the living body, the temple of God's spirit? It is one of the Fine Arts. I had almost said the finest of Fine Arts" - **by Florence Nightingale**

And the demand for quality nursing services can be met by offering the best of training to nursing students. Driven by this goal, HAYAT INSTITUTE OF NURSING EDUCATION (HINE) delivers the best of nursing education which help our students in becoming responsible nurses in the future.

Our Nursing Institute has earned 100% academic results, which speaks of our dedicated and hardworking Faculties. The Institution holds Campus Interviews and facilitates placement in renowned hospitals and institutes across the nation.

It gives me immense pleasure in extending you all a very warm welcome on behalf of the HAYAT FOUNDATION to the new aspirants seeking admission in this institute, for pursuing their career in nursing. I sincerely welcome and invite all the students to join HAYAT INSTITUTE OF NURSING EDUCATION (HINE) where we groom not only to become professionals but also to be a caring human being.

Mr. Rajib Saikia

From the Principal's Desk

Education transforms an individual to act as socially responsible person with positive attitude towards the environment which is considered as core field to accomplish the learning process.

History of nursing goes back to the beginning of human society where they use to take care of fellow members during their need, specially at the time of childbirth and sickness.

The first organized training programme for nurses was established in 1860 by **Ms. Florence Nightingale** - the founder of modern nursing as 'Nightingale Training School for Nurses' at St. Thomas Hospital in London. In India, Military Nursing Service was formed in 1927 & it had 12 Matrons, 18 Sisters & 25 Staff Nurses. They were responsible for supervision & training of nursing sections of all Indian Hospitals.

Nurses are no longer confined in the four walls of a hospital taking curative measures ; they are prepared to provide promotive, preventive, curative & rehabilitation care to the population during sick & well. In the present scenario, there are manyfold scopes of nursing starting from direct patient care to various special departments like nursing education, community health & other nursing specialities, management, administrative services, public relation & so on.

Hayat Institute of Nursing Education is considered one of the premier institute with the objective of an inclusive nursing as well as welfare melieu. We strive to enhance our students to be academically, technically efficient & socially responsible.

Established in 2015 under Hayat Foundation the institution is pertaining undergraduate & diploma level nursing programmes affiliated to Srimanta Sankaradeva University of Health Sciences (SSUHS) & Assam Nurses 'Midwives' & 'Health Visitors' Council respectively with its recognition from national Accrediatory Body - Indian Nursing Council, New Delhi. It is matter of pride for Hayat Family that in each year examination conducted by SSUHS students of HINE are securing ranks within First Ten Toppers. We are confident of achieving such results in future days.

There is a shortage of nursing professionals all over the world. The scope of this profession is ample. Hayat Foundation is working to start Post Basic B.Sc (N) & M.Sc (N) programme too. Our institute ties to help the young aspirants in achieving these wonderful potentialities.

Prof. Mrs. Deepali Das
Principal, HINE

About *Hayat Superspeciality Hospital*

Hayat Hospital is a 200 bedded, Multi - Superspeciality, tertiary care hospital, scientifically planned & strategically located at Lal Ganesh Odalbakra, Guwahati, 16 kms from the Lokapriya Gopinath Bordoloi International airport, 5 kms from the Guwahati Railway Station, 4 kms from Dispur (Capital Complex of Assam) & 4 kms from ISBT.

Hayat Hospital is well equipped with sophisticated, imported & indigenous technology in all departments. It has emerged as a major Tertiary referral hospital for treating on an average 35,000 outdoor & 8,000 indoor patients per year.

Cardiac Lab well equipped with Computerized Treadmill test, 24 hrs Holter monitoring, ECG, Echo Cardiography, Cath Lab, Ambulance facility all over Assam, also Geriatric Ambulance Service in Kamrup Metro & In-house Pharmacy round the Clock.

Students will be placed for clinical experience in different areas like Medical Surgical, Neuro Medicine, Neuro Surgery & other departments as per requirement of their syllabus.

Hayat Hospital is having High Tech modern cardiovascular & thoracic department which is well known for its extensive amount of open heart surgeries by a team of experts.

About *Hayat Institute of Nursing Education*

The concept of opening up a Graduate & Diploma nursing program has conceptualized by the members of the Hayat Foundation since its inception back around 2011 under the Chairmanship of Late Dr. Ziaur Rahman. The trust was formed in the year 2013 having its registered office at Odalbakra, Lalganesh, Guwahati -34. The members strongly felt the need of qualified nurses to fulfill the demand of current health care industries. The trust has kept in view many upcoming social activities to be undertaken in near future. The vision of the trust is that 'Hayat Institute of Nursing Education should be the best academic centre for Nursing Education, Nursing practice & Research'. The institution obtained recognition from the Indian Nursing Council, New Delhi & affiliated to Srimanta Sankaradeva University of Health Science, Assam. The institute also received the approval from Assam Nurses 'Midwives' & Health Visitor's Council. The foundation is working to start Post Basic B.Sc. (N) & M.Sc. (N) programme in HINE.

 The Institute is located at Kamal Tower, Near Bharat Gas Agency, Amerigog, 9th Mile, Guwahati-23, Kamrup (M), in the state of Assam having its huge independent campus with green hill view of Meghalaya in front. The institute is 37 kms from airport, 15 kms from railway station & 14 kms from ISBT.
